

## Mobile Show Room

Island Stone introduces its mobile showroom. This innovative tool is designed to assist our distributors so that your clients and architects have access to our products without having to leave their home or office. The mobile show room will come to you or to your clients home, office or site.

The mobile show room can be used for numerous functions;

- Product Specification
- Site Meetings
- Product Sampling
- Product Training
- Installation Training

Note : The mobile showroom is only available to the Greater Gauteng Area.
